NEW YORK SKYLINE

As we have our pen pals from New York, on the 12th June (Tuesday) to help us learn a bit more about New York we did a New York skyline. We used chalk to create a sunset, sea and the reflection of the buildings in the water. We cut out buildings from black card and then rearranged them as we wanted. We glued them down and then the piece was finished but only after we put the reflection on underneath. Katie and Emilie

Macbeth Drama Performance

Posted on June 26, 2018 by birdwellyear6 Standard 1

On Tuesday the 12th June some people in Mrs Bruck's drama university group went to the lamproom theater and performed Macbeth. Jola and I (Fran and Jola) were witches and we were the ones that told Macbeth his future. When we arrived we had a rehearsal on the stage then we had our dinner. Before we went on stage, we all got into our costumes and Fran put eye makeup on all 6 of the witches. Finally it was our time to perform to the audience, Birdwell school performed first then the other school and it all went really well.

The New York skyline art that we have done is fabulous I hope that we can soon take them home to show our parents our beautiful artwork. We had made them by using chalk (some people did circles with there hands) then we used black card to shape out buildings. By Curtis and Ella Mae

Earlier this week, we signed into TT Rockstars. It's so fun!!!! So you have to sign in and choose a username and start playing! You can play against your friends or play solo. Some solo sections get you ten coins for every correct answer where as others get you 1. You save up all your coins until you can buy the outfit you decide you want! Some are really expensive where as others are very cheap! I hope you have fun playing
